Mr. Bill Rolle
Seneca Physical Therapy
15201 Shady Grove Road #106
Rockville, MD 20850

Dear Bill:

I am writing to let you know of the wonderful service I received while I was a patient at Seneca Physical Therapy. I came to your practice with atypical facial pain. . My symptoms included aching teeth, tenderness in my jaw and neck and a tingling sensation in my face. I had seen several doctors about this problem but nothing seemed to work. My oral surgeon recommended physical therapy.

Linda, Jonelle and Barbie were excellent! I was seen by them two times per week for the past few months and I am happy to report that I am doing much better! They were so compassionate and understanding each time they met with me. They worked so hard to help me and were excited as they also saw the improvement in my condition. I looked forward to coming in for my treatment each and every time. I can't thank them enough for everything they did for me! They are first class physical therapist and I would highly recommend them to others!

Also, I would like to let you know how nice it was to be greeted each time I arrived by Tina and Carmen. It was so nice to walk into the office and receive such a warm and friendly hello! They were always so professional and understanding as they worked with my schedule to make all of my appointments. They were terrific!

I have to say that I miss not seeing all of these great people but I am so thankful that I am doing so much better. Once again, I thank everyone for their assistance in getting me well again!

Sincerely,

Karen Walker
